<b>Open Methodology &amp; Documentation</b>		
<b>Clear Research Methodology</b>	Is the research methodology explicitly stated?	<input type="checkbox"/>
	<input type="text"/>	
<b>Step-by-step description</b>	Is there a step-by-step description of the study design?	<input type="checkbox"/>
	<input type="text"/>	
<b>Data Accessibility &amp; Transparency</b>		
<b>Open Data</b>	Are the raw or processed datasets publicly available or has it been mentioned where the data can be found?	<input type="checkbox"/>
	<input type="text"/>	
	If data cannot be shared, is there a clear justification (e.g., privacy concerns)?	<input type="checkbox"/>
	<input type="text"/>	
<b>Data Documentation</b>	Is there a data dictionary or codebook explaining variables, formats, and preprocessing steps?	<input type="checkbox"/>
	<input type="text"/>	
<b>Data Collection Methods</b>	Are data collection methods fully described?	<input type="checkbox"/>
	<input type="text"/>	
<b>Code &amp; Software Availability</b>		
<b>Open Source Code</b>	Is the analysis code (Python, R, etc.) shared in an open repository (GitHub, GitLab) or somewhere else publicly available?	<input type="checkbox"/>
	<input type="text"/>	
	If code cannot be shared, is there a clear justification?	<input type="checkbox"/>
	<input type="text"/>	

<b>Code for Data preparation</b>	Is code for data preparation (e.g. pre-processing) shared/mentioned?	<input type="checkbox"/>
<b>Type of Analysis</b>		
<b>Quantitative Research Methods</b>	Are statistical tests, models, and assumptions clearly described?	<input type="checkbox"/>
	Are effect sizes, confidence intervals, and p-values reported?	<input type="checkbox"/>
<b>Qualitative Research Methods</b>	Is subjective context and interpretation given?	<input type="checkbox"/>
	Is data coding and analysis clearly described and shared?	<input type="checkbox"/>
<b>Results &amp; Interpretation</b>		
<b>Clearly presented Results</b>	Have the results been clearly documented?	<input type="checkbox"/>
<b>Limitations and potential biases</b>	Are limitations and potential biases discussed?	<input type="checkbox"/>
<b>Preregistration</b>		
<b>Preregistration</b>	Does the Paper contain a link to the preregistration (e.g the Open Science Foundation)?	<input type="checkbox"/>
