Open Methodology & Documentation		
Clear Research Methodology	Is the research methodology explicitly stated?	<input type="checkbox"/>
	<input type="text"/>	
Step-by-step description	Is there a step-by-step description of the study design?	<input type="checkbox"/>
	<input type="text"/>	
Data Accessibility & Transparency		
Open Data	Are the raw or processed datasets publicly available or has it been mentioned where the data can be found?	<input type="checkbox"/>
	<input type="text"/>	
	If data cannot be shared, is there a clear justification (e.g., privacy concerns)?	<input type="checkbox"/>
	<input type="text"/>	
Data Documentation	Is there a data dictionary or codebook explaining variables, formats, and preprocessing steps?	<input type="checkbox"/>
	<input type="text"/>	
Data Collection Methods	Are data collection methods fully described?	<input type="checkbox"/>
	<input type="text"/>	
Code & Software Availability		
Open Source Code	Is the analysis code (Python, R, etc.) shared in an open repository (GitHub, GitLab) or somewhere else publicly available?	<input type="checkbox"/>
	<input type="text"/>	
	If code cannot be shared, is there a clear justification?	<input type="checkbox"/>
	<input type="text"/>	

Code for Data preparation	Is code for data preparation (e.g. pre-processing) shared/mentioned?	<input type="checkbox"/>
Type of Analysis		
Quantitative Research Methods	Are statistical tests, models, and assumptions clearly described?	<input type="checkbox"/>
	Are effect sizes, confidence intervals, and p-values reported?	<input type="checkbox"/>
Qualitative Research Methods	Is subjective context and interpretation given?	<input type="checkbox"/>
	Is data coding and analysis clearly described and shared?	<input type="checkbox"/>
Results & Interpretation		
Clearly presented Results	Have the results been clearly documented?	<input type="checkbox"/>
Limitations and potential biases	Are limitations and potential biases discussed?	<input type="checkbox"/>
Preregistration		
Preregistration	Does the Paper contain a link to the preregistration (e.g the Open Science Foundation)?	<input type="checkbox"/>
